Greens Superintendents Report

Decorators Green

This Green is in very good playing condition. It has been sprayed for Star weed and lightly soiled. The Green is now ready for the new season.

Eves Green

This Green was sown on the 2nd July with a good strike and is growing well. The carpet has arrived for the ditch backing and surround. Stones in ditches will have to be cleaned when the weather is more settled. Hopefully all going well we should be playing on Eves mid to late November

TREASURER'S REPORT

The current state of finances is in summary \$40000 in term deposits and ~\$21000 in the cheque account. Approximately \$3700 is earmarked for the new block wall as a grant from the Lion foundation.

We have significant other expenses that will fall due over the next few months including carpet for the refurbished green, insurance, bowls levies and average monthly running expenses of approximately \$3000. The executive will attempt to get additional grants for a number of worthy projects with the intention of preserving our diminishing reserves to see us through. Indeed projects will not proceed unless funds are obtained.
