

Bowling Club

“Rub of the Green”

By the “Red Hot Chilli pepper”

Greetings from the PRES...(Tom)

Welcome to October....Championship month.....As has been explained earlier, the Champs are starting earlier this year so as to co-inside with Centre Champion of Champions. This Season, Centre is sending Genuine Club Champion teams to Bowls NZ “Pathways” Champs.

With this in mind we start with the Junior Pairs on Sunday 3rd October and the Men’s Triples on Sat and Sunday 9th/10th October. Handicap Singles for Women and Men start on 7th/12th for the girls... and 13th /14th for men. Women’s Champ Triples are staged over 23rd/24th October.

Remember the condition of Play that you “Should” be available for all reserve days and Champion of Champion Days.....Centre dates for Triples are 27/28 November.

Good Bowling to everyone.

President

Tom Clarke

Greens Superintendent....Tom

Great to see the Decorators green is playing so well and the Projection is that we should be playing on the Eves green by the end of October! Two more soilings are to be applied but it should be right.

(I personally congratulate all those involved with the preparations of the greens and especially the new green....WOW!!) Editor.

The End wall is complete but there is still work to do moving the seats back to the wall and laying the carpet around the edges of the green.

**John Jennings “Getting a rise “out of me : Pres Tom and Ray Bayley had
(I say he was “TANKED!”) Ed been there since 8.00am!!!**

Message from the secretary.

There is an error in the Centre handbook. On page 111 the Tauranga Masters Men's Fours Tournament is on Monday 24th to Thursday 27th of JANUARY. (not March)

The Centre has advised that our club is to host the Women's Champ of Champ Singles on 12th and 13th February.

From the Club Captains:

"Entering Club Championships"

When entering club championships members are reminded that they **SHOULD** be available to play on all dates, including Reserve days and Champion of Champion events.

"Maintaining our Green"

As you know the green is a credit to the time and effort that has been put in by the green-keeper and greens staff. It must be kept to this high standard. Unfortunately a number of cases of "DUMPING' have been brought to our attention. Bowling aids, such as bowling arms, are available and there is coaching for those of you who are experiencing difficulties with their bowling style.

Ed's Corner...Good Luck to all those playing in the "Super Ten" and Monday Inter-Clubs....

Wishing you "Great bowls of FIRE!"... See you on the Green....

BRIAN C
